FINAL REPORT

2009/2010

MINISTRY OF TRANSPORT FINAL REPORT OF

2009/10

The ministry of transport under its main objectives to ease and facilitate safe and reliable transport to all MUHASSO members has made the following activities which was stipulated in its action plan and some which was not stipulated in action plan

DUTIES OF THE MINISTRY

- To ensure all MUHAS students living in different hostels get fairly cheap and standard transport to and from the university at specific time
- To initiate different mechanism which will lead to sustainable isolation to the transport problem
- To ensure that all matters of interior to off-campus students pertaining is dealt with accordingly and timely
- To explore all possible opportunities within the ministry to generate income to the organizations
- To arrange the transport during different occasions e.g external sports tournaments and other social academic events

ACHIEVEMENTS

The followings are achievements as per action plan;

1. Establishment of Muhimbili—Masaki route

This issue was well addressed to SUMMATRA as the result the new route has given to us but the only work left to KINONDONI and ILALA MUNICIPAL for constructions of bus stand before allocation of daladala to start services

2. Transportation of students from chole hostel

It was well organized and till now we have eleven buses which are in service and we went so far by registering the buses to SUMMATRA to avoid traffic disturbance which would cause the students to miss or delay their lectures

3.To have our own shuttles

This issue was addressed to management but the problem was inadequate of money, we went so far by advising the management to include this into its yearly budget this was addressed to the DEANS OF STUDENT OFFICE.

The other achievement which was not in the action plan;

a) construction of traffic bumps along chole road hostels

This was well addressed to the district director of kinondoni municipal and close follow up was done. The order to construct the bumps is now to the engineer of the municipal who was to announce the tender.

b) Organization of transport for students during difference occasions

The following are some of occasions which the ministry involved in organizing the transport

- I. Transportation of students to loans boards when the was a need for the students to go there
- II. Transportation of students from chole hostel to the university during the visit of the ministry of education for the inauguration of pharmacy laboratory
- III. Organization of transport during welcome first year bush. The transport was for all student staying at main campus and at chole hostel to MSASANI BEACH CLUB
- IV. Organization of transport for MD5 students who was temporary allocated at chole hostels during the renovation of main campus hostels

- V. Transportation of students during the conference held at UN office which was about violent of women harassments
- VI. Organization of transport during WIN and LEARN event of 2009

CHALLENGES

- There is delay of allocating the buses for masaki—muhimbili route due to involvement of so many organ, had it being done by a single organ it could be implemented
- There was low cooperation given by the management on the issues of students transport
- Studies is a major challenges on making follow up on the implementation of some issues which off-campus because it need to miss lectures

RECOMANTATION

- Close follow up should be done for completion of masaki –muhimbili route
- The management should be advised to take high consideration on having shuttles for the transport of students

- The cooperation with other ministry should be highly considered for efficiency

ACKNOWLEDGMENT

- We would like to express our sincere and special thanks to the following for their cooperation
 - I. The office president and vice president
 - II. The office of prime minister
 - III. All ministry of MUHASSO
 - IV. All students
 - V. And SUMATRA

Thanks in advance

.....

Mahenge Rabson.A.

Minister of transport
