### QUALITY ASSURANCE AND QUALITY CONTROL OF HERBAL PRODUCTS

#### ADVERTISEMENT FOR COURSE

##### Course Description:

Traditional medicine uses, research and services continue expanding in Tanzania, yet, not integrated in formal health care services. Herbal products remain poorly attended in terms of harvesting, storage, processing, packaging and dispensing hence compromise safety and quality levels. The course aims to instil knowledge, skills and altitude to value qualitative and quantitative analyses to be used by the practitioners to improve herbal materials and product development, production as expected by regulatory authorities for public dispensation.
