

MUHIMBILI UNIVERSITY OF HEALTH AND ALLIED SCIENCES

MANUSCRIPT WRITING WORKSHOP

“Manuscript Bootcamp”

Introduction

This one- week workshop is designed to help the MUHAS’ junior faculty and students with finished research projects get over the hurdle of their first manuscript. The course realizes the challenges of writing a sound scientific manuscript and publish in a peer reviewed journal for the junior scientists. Upon completion of this course the participants will have a manuscript ready for submission to the journal. The course will be administered by faculty members from Muhimbili University of Health and Allied Sciences (MUHAS) who will continue to provide mentorship to the participants after the course and until acceptance of the manuscript.

Learning outcomes

At the end of this course the participant is expected to;

1. Transform their dissertation/ reports into a manuscript format.
2. Describe and write each section of a complete manuscript.
3. Prepare the accompanying materials/ documents (cover letter, data sets, ethical clearances) for manuscript submission.
4. Submit a complete manuscript to a peer reviewed journal for publication.

Who should attend?

Junior MUHAS faculty and MUHAS students with a completed research project and who are devoted to publish their findings in the peer reviewed journal.

Mode of instruction

This will mainly be a hands-on workshop with mentorship from experienced MUHAS facilitators.

Course duration

The Course will be offered for One week (five working days) **from 25th to 29th October 2021**.

Course fee

The course is supported by MUHAS-SIDA Research Program for capacity strengthening. The selected participants will be sponsored by the program. The sponsorship is limited to tuition fees, venue, meals and certification.

Number of course participants

The course has limited number of slots (maximum of 30 slots).

Venue

This training will be conducted at CHPE building Ground Floor, DPI Main Hall.
